ABOUT ME

I am a Full-stack web developer with **2 years** of experience in the **SaaS industry**. I have expertise in **Python, Javascript, PHP** (TALL stack - TailwindCSS, AlpineJS, **Laravel, Livewire**), HTML and CSS.

My biggest strength is my curiosity and my hard-working. I have successfully transitioned from a High-Volume Support role to **Software Development** and **System Integrations**. I have proven track record of resolving complex technical issues for global English-speaking clients and building automated workflows to improve platform efficiency.

SKILLS

Full-stack web developer | Programming | AI Tools | Integrations & Automation
| UI / UX | Database | Python | Linux | SQL | Git | MySQL | Frontend Design
